

**Are you looking for an internship, scholarship, or research opportunity in biology or a related science field? Here are some ways to search on your own, through Wellesley, and through online databases.**

**Searching on your own:**

Search for “Undergraduate Research Program” or “Undergraduate Internship Biology” by your desired geographic area, by institution, or by subdiscipline

**Searching through Wellesley:**

Student research and funding opportunities at Wellesley

<http://www.wellesley.edu/sciencecenter/students/opportunities>

This is the website of the Wellesley College Science Center

Wellesley Alumnae Network

<http://www.wellesley.edu/cws/linkedin>

A database of contacts with Wellesley alums in a wide variety of fields (not just science) searchable by field and location

**Searching online databases for biological research and internships:**

Summer Medical and Dental Education Program

<http://smdep.org/sites/>

SMDEP provides academic enrichment in STEM, clinical experiences, and career development programs at 12 program sites across the nation

Boston University, Center for Conservation and Ecology

<http://www.bu.edu/cecb/resources/career-resources/>

This site lists many other sites that also have lists with job & internship opportunities

Institute for Broadening Participation: Pathways to Science

[www.PathwaysToScience.org](http://www.PathwaysToScience.org)

A huge database of opportunities for summer research, internships, scholarships for students at any stage of their scientific careers

University of Rochester Office of Undergraduate Research

<https://www.rochester.edu/college/ugresearch/summer.html>

A large database of research opportunities around the country, as well as some restricted to students at the University of Rochester

REU (Research Experiences for Undergraduates) sites in the Biological Sciences

[http://www.nsf.gov/crssprgm/reu/list\\_result.jsp?unitid=5047](http://www.nsf.gov/crssprgm/reu/list_result.jsp?unitid=5047)

NSF funds a large number of research opportunities for undergraduates at host institutions. This site lists those in biological sciences

Student Conservation Association

[www.thesca.org](http://www.thesca.org)

Diverse conservation internships / research projects / experiences

Association of American Medical Colleges

[https://www.aamc.org/members/great/61052/great\\_summerlinks.html](https://www.aamc.org/members/great/61052/great_summerlinks.html).

A database of summer undergraduate research programs at US schools of medicine

World Vets: International Aid for Animals

[worldvets.org/volunteer/opportunities-for-students/](http://worldvets.org/volunteer/opportunities-for-students/)

Volunteer and training opportunities

Ecological Society of America Summer Internship Opportunities

<http://www.esa.org/esa/careers-and-certification/internship-opportunities>

Internship opportunities in ecology fields

Mote Marine Laboratory and Aquarium

[www.mote.org](http://www.mote.org),

Separate links to research and internship programs in marine biology

Harvard University Database of Research Opportunities in the US

<http://uraf.harvard.edu/finding-opportunities#widget-3>

This Harvard-run database allows you to search by funder and by subject. See in particular the Life Sciences tab.

Society for Ecological Restoration

<http://www.ser.org/career-center/career-center-list-view/student-intern>

Lists jobs and other opportunities for those interested in ecological restoration

Botanical Society of America

<http://jobs.botany.org/>

A listing of jobs, fellowships, and career opportunities in botany

Smithsonian Institution Internships

<http://www.smithsonianofi.com>

The Smithsonian's Office of Fellowships and Internships offers many types of programs

American Veterinary Medical Association

<https://www.avma.org/ProfessionalDevelopment/Education/Pages/Veterinary-Internships.aspx>

A database of veterinary internships

UROP (Undergraduate Research Opportunities) programs

Many institutions host UROP programs. Run a search with UROP and the name of the institution you want to work at. Here is the link to MIT's program:

<http://web.mit.edu/urop/>

Journal of Young Investigators: The Undergraduate Research Journal

<http://www.jyi.org/summer-research-programs/>

This site has a database of summer research programs listed by discipline
